Certificate of Professional Indemnity and Public Liability Insurance

On behalf of all current DIA members and only in so far as they individually continue to subscribe in full their annual payment the DIA has corporately arranged the following exclusive insurance cover, for which the required premiums have been paid in full:-

PUBLIC LIABILITY POLICY - Policy Number: BP08463-2101/ H0000245

This policy provides protection for DIA members against claims by third parties for legal liabilities following bodily injury or damage to property while they are carrying out their instructional activities, subject to policy terms and conditions including a policy excess of £500. This can be in the classroom or vehicle, or on private property, if you are deemed to be responsible.

Limit of liability is up to £20,000,000 (twenty million pounds) each and every claim.

PROFESSIONAL INDEMNITY POLICY - Policy Number: PL-PSC04009250411/01

This policy provides protection in the event of a claim being brought against a DIA member for errors or omissions with respect to professional advice, subject to policy terms and conditions including policy excess of £1000. This can be for tuition either in the classroom or whilst on the road training.

Limit of indemnity is up to £5,000,000 (any one claim and in the aggregate including defence costs)

Geographical limits are the United Kingdom of Great Britain & Northern Ireland, Isle of Man and Channel Islands.

The above policies are renewable by the DIA on 26 June 2022.

It is the responsibility of the individual DIA members to ensure that they have their own motor insurance, appropriate

to the nature of training they provide, in place which complies with the Road Traffic Act or equivalent, as it is this motor policy that will provide the cover whilst the vehicle is in use at any location where the Road Traffic Act or equivalent applies.

It is the responsibility of individual DIA members to ensure that their annual payment is fully and correctly paid up to date in order to benefit from this DIA members' insurance scheme. Please ensure you fully understand the scope of cover for both policies by referring to our website www.driving.org/pipl

It is further the responsibility of members to ensure that they take every reasonable measure to mitigate the risks of driver and rider training, and in turn, the risks of claims being pursued against the policies provided. As part of these measures members should require all pupils/clients to sign a risk waiver as standard practice. Example wording will be provided in the Members Area of driving.org or can be obtained from help@driving.org.

Members raising claims who cannot provide evidence that they made reasonable efforts to both communicate and mitigate the risks inherent in driver and rider training may find any such claims are refused by the insurer.
